SUMMARY

Combining my computer and media design background with my life-long passion for teaching and youth development, we founded WIN Multimedia Design, LLC in 2001. The MoneyCamp Program brings interactive games and tools, in the area of financial literacy and money management, to middle schools, high schools and colleges to infuse energy and excitement into your school programs!

PROFESSIONAL AFFILIATIONS

MoneyCamp is presented at the following professional conferences:

Conference for the Advancement of Mathematics (CAMT)
Council of Economic Education (CEE and Texas CEE)
ESC 4 and ESC 5 Conferences (Math, Social Studies and CTE)
Texas Association of Student Special Services – Texas TRIO (TASSSP)
Texas Council for Social Studies (TCSS and TSSSA)
National Orientations Directors Association (NODA)
Texas Association of Secondary School Principals (TASSP)
Texas GEAR UP State Conference

Official Vendor with:

Houston ISD
Dallas ISD
Aldine ISD
Fort Bend ISD
Lone Star College
Houston Community College

PROFESSIONAL EXPERIENCE

United Space Alliance, Lockheed Martin; Houston, Texas

7/1998 – 8/2011

Position: Flight Software Project Education Coordinator

Designed, deployed and maintains the Flight Software (FSW) Education Process. Led initiatives to enhance the education program for other USA organizations. Works well with executive management.

- Designed and deployed a process to track and measure employee training for 500 employees.
- Reduced learning curve by 30% by implementing a structured training program.
- Education Process and Mentor Program used as a model throughout entire company.
- Team leader and training consultant to several organizations within USA and NASA.

IBM Federal Systems Division; LORAL Aerospace; Houston, Texas

9/1987 – 7/1998

Position: Senior Programmer, Onboard Systems

Designed, developed and verified the User Interface portion of the Space Shuttle operating system.

MONEYCAMP PROGRAM - MEASURED RESULTS

Below are the pre and post test scores for students at HISD – School of Law & Justice in 2018.

The same test was given at the start of the program and 13 weeks later at the end. The interactivity in the program helped students retain key content and most excelled! No additional in-class or homework assignments were given; only the interactive lessons/games.

Student Name	Pre-test score	Post-test score	AREAS OF WEAKNESS AFTER POST-TEST
1) Reynaldo	100/200	185/200	review budgeting worksheet
2) David	145/200	180/200	review budgeting worksheet
3) Monica	95/200	181/200	how banks make money, budgeting worksheet
4) Joselyn	95/200	183/200	how banks make money, budgeting worksheet
5) Kaysha	107/200	200/200	Nothing! PERFECT
6) Kevin	145/200	180/200	ATM fees, review budgeting worksheet
7) Destiny	108/200	145/200 Improved!	how banks make money, income & sales tax, ATM fees, also read question fully
8) Kathy	109/200	133/200 Improved!	credit cards, how banks make money, taxes, and saving
9) Kimberly	150/200	148/200 Same	budgeting, sales and payroll tax, and ATM fees,
10) Jose	58/200	Not present	
11) Marciano	73/200	Not present	

Survey comments from students at HISD – School of Law & Justice

- Kathy: "The games help us understand more about the lesson."
Kaysha: "The games are fun and the curriculum really helps me."
Kim: "I like the games and helps with real life situations."
Reynaldo: "They are very engaging and fun to tie with real life."
Destiny: "I like the games because we apply it to real life. She is doing good."
Kevin: "Pretty Fun. She is doing pretty good."
Jose: "The games are pretty fun and helps me learn more about the lesson. It's pretty fun, I like the lessons."
Marciano: "Pretty fun games, helped understand material better."
Joselyn: "They are fun and serve an educational purpose."
Monica: "They are fun and learnable."

The MoneyCamp program is overall a great way to learn about money. This mini workshop we are working on right now shows us to save money in order to buy bigger things. Overall it is a fun activity while still learning.

Joselyn Peña

The moneycamp program is an intuitive way to learn about finances. The program has taught me the importance of personal finance and money in general. The teacher is nice.

David Gamar

Student Feedback Letters from Sharpstown HS

Mrs. McClean we will miss you so much. It was great having you here, I hope to see you around. I hope you enjoyed teaching this year. Your games were really fun & they taught us alot. It's like learning while having fun! I appreciate how you tried your hardest to prepare us how to deal with things for when we are older.

Thank you!

— Love Lora A.

(100)

Joe SSA
B: 6

The time since Mr. McClean was here I learned that alot of skills come from your social life and how you carry yourself in life, also with your banking that plays a big role in your life. If you don't manage your money right then you can become in debt in life with alot more problems.

Parent Feedback Letters (Girl Scouts / Jack & Jill)

On Mar 11, 2016, at 12:51 AM, Jaishree <jai_ellis@hotmail.com> wrote:

Hello Deborah,

It sounds like the kids had a great time! Even tonight, my older son, Bobby, started speaking to me about his business plan. He pulled out his worksheet and started explaining to me how he would set things up! I think that it's awesome for them to get this understanding at such early ages! Thank you!

Our workshop for this Sunday will be at the Shadow Bend YMCA, where we hosted it last year. Thank you, again, for your work with our children!

Warmest Regards,
Jai
